Project Governance and
Controls Symposium

Annual Symposium

Focus on Federal Government

UNSW
AUSTRALIA

Canberra

Aim

To improve project delivery outcomes across public and private sectors

How Achieved

An annual forum for sharing and disseminating project governance, controls and management best practices to facilitate adoption by projects and programs

What's New for PGCS 2016?

Inaugural academic track

Foster collaboration between academia and practitioners

EVM Europe Experience: Research projects which have lead to validated advances to practice

Final Points

- ▶ **The PGCS is non aligned and not for profit**
- ▶ **Our work is important**
 - **Countries including Australia are embarking on next round of national capability and infrastructure development projects**
 - **The success (or otherwise) of these projects**
 - **Largely depends on the leadership and technical skills of**
 - **Project and Program Managers [and Directors]**
 - **Supporting project governance and controls specialists**
- ▶ **Thank you to the delegates attending**
 - **Time has been taken out of busy work schedules to be here**
 - **Take advantage of the opportunities offered by the Symposium**
