CAPABLE SPONSORSHIP

Lets Assess Sponsorship
Performance/Potential

A to F Grading
A=4, B=3.....F=0

WILLING TO DEDICATE TIME

A good sponsor understands the impact they can have on the project and is willing to dedicate time to support the project manager and the team and help them be successful.

- A sponsor gets:
 - An 'A' (4.0) if they request regular status meetings or if they willingly open their calendar for status meetings upon your request.
 - A 'B' (3.0) if they delegate to a capable person, who is then empowered to help on a regular basis and/or if they describe the situations in detail in which they want to be involved.
 - A 'C' (2.0) if they ask to be updated via email and only want a visit 'if there is an issue.'
 - A 'D' (1.0) if they delegate without empowering their replacement and the sponsor
 - An 'F' (-1.0) if they are unresponsive to your requests for time and/or decision making.

FINANCIAL CONTROL

A good sponsor will have direct - or easily achieved - control of the finances required to deliver the project.

- A sponsor gets:
 - An 'A' (4.0) if she or he holds the cheque book themselves,
 - A 'B' (3.0) is appropriate for a sponsor who has received delegated responsibility to manage the finances for the project.
 - For each person the sponsor needs to brief to get authority to allocate money to the project, drop one letter grade.

MANAGEMENT OF REQUIRED RESOURCES

A good sponsor will have the authority to direct and/or reprioritise resources to work on the project.

- A sponsor gets:
 - An 'A' (4.0) if they manage the direct reporting structure of the resources you need and communicates the relative priority of your project versus other activities in the business portfolio.
 - A 'B' (3.0) if the sponsor is in the direct reporting structure of your required resources, but do not have or communicate a priority scheme for the organisation.
 - A 'C' (2.0) if critical resources you need report to a manager that is not in your sponsor's 'chain of command' or aren't obtainable by a procurement activity sanctioned by your sponsor.
 - A 'D' (1.0) is appropriate if the sponsor does not have a good relationship with the manager who controls resources
 - A 'F' (-1.0) is the result if the sponsor does not have control of resources and is not willing to take action to assist in obtaining the appropriate staff.

RELATIONSHIP WITH PROJECT CUSTOMERS

A good sponsor has a constructive and productive relationship with the project's customer or (for customer's external to the business, such as consumers) has a good relationship with the marketing organisation which provides direct interaction and management of customers.

- A sponsor gets:
 - An 'A' (4.0) if they have a good relationship with customers and or exerts control over the customer marketing plan for your organisation.
 - Drop one letter grade and point for each level of management or number of managers your sponsor has to gain acceptance from to implement a project initiative with your customer set.
 - If the sponsor does not understand nor want to learn the impact your project will have on end users or customers, grade your sponsor an 'F'.

Sponsorship is a VITAL ROLE!

- differs from project to project
- established based on personal needs (they vary!)
- trust is a major factor

VITAL POINT #2

Sponsor Management - Human Understanding Required...

- stretched
- stressed
- overly dependent on the PM
- untrained and without time for training

CARE AND FEEDING OF YOUR SPONSOR

Questions are clear and the answers are obvious

- bring forth the wisdom (just get a confirmation) OR
- show your analysis – pros and cons and a recommendation OR
- fill in the blank with their sage advice

SPONSOR C AND F – ITEM 2

Play to the priorities

- understand where the sponsor is succeeding and failing
- alert via the 30/3/30 process
- do the homework

**CONFIDENCE &
NO SURPRISES**
