Management

Strategic Sourcing and
Contract Management

Value Proposition

We help government design and deliver fit for purpose programs and projects. Confident in our ability to connect and align efforts towards real outcomes, we are practical, people-focused and known for our ability to get the job done.

Put simply, we deliver value. Clients talk about us going over and above and being genuine about making their transformation initiatives work.

Our clients value our empathic, respectful and collaborative approach and high-quality advice. By working alongside our clients and offering a full suite of skills, we smoothly navigate the challenges and achieve success.

This is what we do better than anyone else.

STRATEGIC PLANNING PORTFOLIO SUPPORT

Supporting senior management decision making.

Continuous portfolio definition practices.

Providing a transparent and appropriate framework for oversight, review and continuous improvement.

TACTICAL DELIVERY SUPPORT

Practical hands-on support to the successful delivery of new capability and change.

Flexible pool of program, project and change delivery resources for speedy mobilisation.

CENTRE OF EXCELLENCE CAPABILITY SUPPORT

Standard processes, promoting consistent portfolio, program, project and change management working practices.

Ensuring their adoption and tailoring to suit the environment, size, complexity, importance, capability and risk.

Program Design and Delivery

Program, Project, and Change Specialists
